

## Press Release

### ANDREW WILLIS JOINS FWC COMMITTEE

**Andrew Willis**, Working at Height Consultant with Time Consultancy, has accepted a Health and Safety and Working at Height Advisory Position within the Federation for Window Cleaners Association.

Andrew, who is also an Assessor and Trainer for Linden Management and Merton College on the City and Guilds NV2 High Level Window Cleaning Course, began his working life as a window cleaner for The Great International Window Cleaning Company back in 1975. After thirty-three years in the industry he is now involved in NVQ training and assessing, which he is delivering to some of the UK's key commercial window cleaning companies.

*'As a Working at Height Consultant with Time,' said Andrew, 'I am employed by property owners, management agents, and others who manage commercial properties. They as the duty holder have a statutory responsibility to provide a safe place of work for High level window cleaning contractors, and that's very much a focus of the Federation's sphere of activity. I am excited at this opportunity to work with the Federation team and to bring cutting-edge industry changes to the table. I'll be happy to assist in any way I can.'*

Harvey Dun, Partner at Time Consultancy, said: *'I am very pleased that the Federation is appointing Andrew within a consultancy position on the Committee. Andrew is an important part of our team and is clearly respected*

*in the industry. Our clients appreciate his extensive knowledge and experience in Working at Height and High Level Window Cleaning.'*

**For further information on The Federation of Window Cleaners**

E-mail The General Secretary - Beryl Murray at: [info@f-w-c.co.uk](mailto:info@f-w-c.co.uk)  
or 0161 432 8754

Bryan Dolby -Chairman said 'we feel this move can only strengthen the position of the federation and enhance the technical side of our industry. We are looking forward to working with Andrew during 2009'....

1. Of general interest to anyone involved in the Working at Height Industry: of particular interest to individuals with Working at Height Safety Responsibilities.
