ABOUT THE FWC

The voice of the window cleaning industry.

Window Talk is the Federation of Window Cleaner Trade journal and we distribute it to approximately 1500 member companies.

The Federation was formed in 1947 to establish an authoritative organization specifically concerned with the Window Cleaning Industry and its subsidiary services.

In almost any business or industry, a collective body of professionals will virtually always be more powerful than an individual person or company. This is especially true when the body is recognised by the government as an authority on the industry. Such organisations can do many things such as influencing regulations, advancing the interests of members, creating new operating methods to enhance profit and safety and other activities. An industry body provides credibility, expertise, influence and access. The window cleaning industry is no exception.

FWC. is the professional Employers Trade Association for window cleaners for 60 years and we have been maintaining a professional Federation that truly strives for members satisfaction. With an elected council and office staff who are committed to being bold, imaginative, caring, understanding, honest, safe and professional in all our endeavours.

Our Aims

- ♣ To provide information to our membership on all aspects of the trade
- ♣ To increase public awareness of the need for high standards of safety
- ♣ Represent the industry with government and municipal bodies
- ♣ To support Members with 24 hour legal advice
- ♣ To encourage members in attaining health & Safety Training & Education
- ♣ To promote the protection of the customer against fraud and misrepresentation
